PRELIMINARY AMENDMENT

Preliminary to the examination of the above-identified application, please amend the specification as follows:

In The Specification:

Please incorporate the accompanying Sequence Listing into the application.

Please amend the specification to include SEQ ID NOs as indicated on the attached Marked-up Copy of the Specification. A clean copy of the amended paragraphs of the specification is included herewith.

REMARKS

Applicants submit that addition of the Sequence Listing as required by the Examiner does not constitute new matter. Sequences 1-16 were referenced in the application with GenBank Accession Numbers. The sequences corresponding to those Accession Numbers were incorporated into the Sequence Listing, as well as those sequences specifically disclosed in
